SPECIAL DRIVE  
ON SIGNATURES  
FOR LAWS ASKED

Joint Campaign Committee Issues Statement to Independent Workers

WANTS RAPID FINISH

Monday, 13th of June, Set As Time For the Final Drive For Names

Fargo, N. D., June 9.—The Independent Joint Campaign committee, in a public statement issued today, asks for an intensive drive to obtain signatures to petitions for proposed initiated laws. The statement follows:

"In compliance with the order of the Committee of Forty-Two, which is the central head of the independent recall organization in the state, the state headquarters has asked all petition circulators, precinct captains and other workers in every precinct in the state to finish the circulating of the petitions for the new constitutional amendment, the initiated laws, and so far as possible the recall petitions next week. Those who have not completed their allotted work prior to that time are asked to set aside their other work, beginning Monday, June 13, and devote themselves to the circulating of petitions and to have the work completed as early in the week as possible, in all events not later than Saturday, June 18, so that petitions may reach state headquarters by June 20. Petition circulators have instructions as to where to send their petitions.

"The question for every voter to answer for him or herself in this recall election campaign is: Shall I help to remove or help to not remove from office public officials who are guilty of misusing and expending several million dollars, and using part of it for their personal benefit. They are in office now. Therefore, everyone who does nothing to help get them out helps to keep them in and permits the squandering of public funds to continue until January, 1923.

"All precinct captains, petition circulators and other workers of the independent organization are volunteers, serving without pay, therefore, all voters who believe in honesty and efficiency in public service should do everything they can to make it as easy as possible for the petition circulators to get the signatures of the voters on the petitions."

Joint Campaign Committee.

SEC. WEEKS FOR  
PREPAREDNESS

Says Nation Must Be Prepared To Defend Itself

New York, June 9.—Declaring that it would be the height of folly for the United States to disarm first Secretary of War Weeks, in an address today to the graduating class of New York university, said he hoped to see this nation prepared to defend its rights, its sovereignty and its citizens until the day comes when all nations by mutual consent dismantle their fortifications and scrap their navies. The university conferred on Secretary Weeks the honorary degree of doctor of laws.

TALK PLACING  
OF COAL ORDERS

Chicago, June 9.—Plans for placing contracts for a million tons of coal among West Virginia coal mines will be considered by the state farm bureau federation secretaries in conference here today.

RETURNS FROM  
WASHINGTON

Andrew Miller has returned from Washington, D. C., where he has been recently. Mr. Miller declined to comment on the situation with regard to the selection of a second federal judge for North Dakota. The bill, he said, has passed the senate and has been reported out of the house committee. It will be voted upon when it is reached on the house calendar, he said.

## LEAGUE PAPER SUSPENDS

Carrington, N. D., June 8.—The Carrington Record, established about 22 years ago by Stephen A. Lewis, has suspended publication, and will not resume for the present, at least. Mrs. H. C. Darland, who has been manager since last November, has given notice of her resignation, and that the plant would be turned over to the Publishers National Service bureau. Nonpartisan league organization.

Ownership of the plant probably will revert to H. C. Darland, who owned it from Jan. 1, 1909 to August, 1919, when he turned it over to league interests, remaining for a time as its editor.

## HEAD PARK BOARD

Mandan, June 9.—W. J. Gill was elected president and W. G. Black, vice president, and Miss Ritchie, acting clerk at a meeting of the newly elected park commissioners held for the purpose of organizing and talking over the matters of parks generally, and informing themselves on the duties and powers of the park board. The board is composed of W. J. Gill, H. O. Altnow, F. W. McKendry, W. G. Black and Miss Gertrude Ritchie.

RED CROSS ISSUES APPEAL FOR AID  
FOR SUFFERERS OF COLORADO FLOOD

President Harding has issued the following appeal for the relief of flood victims in Colorado:

"Overwhelming disaster has come upon the people of Pueblo and the surrounding districts.

"Realization of their suffering now, and in the days to come, prompts me to issue an urgent request to all whose sympathies are awakened to assist the labors of the American Red Cross, which has quickly organized to deal with the first great need and will stand by until home life can be re-established.

"Contributions may be sent at once to the office of any Chapter or directly to the Red Cross Headquarters at Washington for use in the stricken territory."

The Burleigh County Chapter of the American Red Cross will collect and forward contributions for the supplies and aid which are urgently needed for the victims of this great disaster. Contributions can be paid at chapter headquarters, Room 360, Federal Building, or to J. L. Bell, treasurer, First National Bank, Bismarck.

## Direct U. S. Cooperation

Washington, June 9.—President Harding signed the joint resolution of Congress, directing the Secretary of War to cooperate in the relief of food sufferers in Colorado.

LEGION BEGINS  
MEMBER DRIVE  
IN NEXT WEEK

Five Hundred Membership By July 4 Is Goal of the Local Post

## DECORATIONS COMPLETE

Thanks Extended to War Mothers For Colors and Those Who Aided Poppy Sale

Lloyd Spetz Post American Legion will bring back a touch of army recruiting days in a big drive for new members. A tent will be placed downtown, probably opposite Legion hall, and a Legionnaire kept on duty at the tent receiving "enlistments" in the Legion. The goal of the post is 500 members by July 4. The campaign will start next week.

The Legion post held its last regular meeting of the summer last night, adjourning until October. A special meeting will be called during the summer to elect delegates to the Jamestown state convention.

The proposal of the Legion to have the Missouri river bridge under construction named the North Dakota Memorial bridge is gathering force, it was reported. A bulletin explaining the plan was sent to every American Legion post in the state and a resolution endorsing the idea will be introduced at the Jamestown convention.

Thank War Mothers. The Legion expressed its gratitude to the War Mothers for the gift of a regulation United States standard and a regulation American Legion flag. The colors were presented to the Legion on Memorial day. The resolutions adopted unanimously follow:

"Whereas the War Mothers of Bismarck having presented Lloyd Spetz Post No. 1, American Legion, with a regulation United States Standard and a regulation American Legion flag, Be It Resolved, that the members of Lloyd Spetz post in regular meeting assembled express to the War Mothers their heartfelt thanks and gratitude for the beautiful gift combining as it does the flag of our country; the flag under which we served and will continue to serve and for which we offered all, and the flag to which they are mothers of the soldiers and sailors of our great war offered their sons and daughters; and the new flag bearing the insignia of our order, 'The American Legion,' pledged to carry on and uphold the ideals expressed by the Stars and Stripes.

"Be it further resolved—that this resolution be spread upon the minutes of this post and a copy presented to the War Mothers of Bismarck."

Hall Decorated. The colors have been placed on either side of the "Every Body Welcome" banner in Legion hall. The money for the colors was raised by the War Mothers at socials, luncheons and in other ways. With the curtains and other decorations in the Legion hall completed by the Ladies Auxiliary the Legion hall now is a very attractive place, and represents a great deal of painstaking effort on the part of the ladies.

The thanks of the Legion members was expressed to the members of the Ladies Auxiliary, and also to young ladies not members of either organization for their efforts in the successful sale of poppies. As a mark of appreciation the Legion post decided to give a social in the near future and entertain those who sold the poppies.

## STRIKE BALLOT IS RECALLED

Chicago, June 9.—The strike ballot circulated among Pullman company shop forces in more than 80 cities which was to have been voted on and returned Friday morning, was recalled today, following a conference with the railway employees' department of the American Federation of Labor.

## GETS SALARY INCREASE

Hankinson, N. D., June 9.—H. O. Savvik has been re-engaged as superintendent of the city schools here for a three year period, with a substantial increase in salary. He formerly was county superintendent of Bowman county.

CLOSE BUSINESS  
HOUSES FOR BIG  
BASEBALL GAME

Business men are urged by C. L. Young, president, and G. N. Keniston, secretary, of the Commercial club, to close their stores at 5 o'clock Friday afternoon, so that they and all employees may participate in the festivities and see the big baseball game between Bismarck and Minot Friday evening.

Their statement follows: "A baseball team is not only the means of enjoyment for the majority of the people of the community but it is an advertising medium for the city. A baseball team frequently tells the story of whether a town is a 'live town' or a 'dead town.' Bismarck has this year an aggregation of clean, experienced baseball players, a team of which the city may be proud. The official opening day of the baseball season is fixed by the fans' committee for Friday evening. All business houses are urged to close at 5 o'clock Friday afternoon so that every one may join in the fun planned before the game starts at 6:30 P. M. BISMARCK COMMERCIAL CLUB, C. L. Young, President, G. N. Keniston, Secretary.

FLAG DAY TO  
BE OBSERVED  
HERE TUESDAY

Annual Service Will Be Conducted Under the Auspices Of the Elks

## ALL ASKED TO JOIN IN

Band Concert on Courthouse Lawn Will Precede the Service

Annual tribute to the flag will be paid by Bismarck citizens on Tuesday, June 14.

The Flag day exercises will be conducted under the auspices of the Elks lodge. Every Elks lodge in the United States is charged with the duty of holding a patriotic public service on this day.

The service here will begin at 7:15 Tuesday evening and will be held on the courthouse lawn. The program includes a preliminary band concert, the Elks' flag service, a patriotic reading, a talk by Judge A. M. Christensen, community sing, and singing by a quartette. The service will last about an hour and fifteen minutes.

The Elks' committee, composed of Henry T. Murphy, Thomas Hall, Charles Whitley and Guy L. Thompson, especially invites all school children to participate in the Flag day service, and urges each school child to carry a flag that evening.

Citizens are asked to display the American flag on that day, joining with citizens in all other cities and towns in paying an annual tribute to the Stars and Stripes and to the memory of those who created it.

## G. O. P. DELEGATES CUT PROPOSED

Washington, June 9.—The next Republican national convention would be composed of 1,037 delegates under a new basis of party representation submitted to the Republican national committee today by a sub-committee after a lengthy investigation. A cut of 23 voters in representation of southern states is proposed.

## RETIREES FROM BUSINESS

Minot, June 9.—Announcement was made today of the sale by Guy Humphreys of his trade composition plant in the Jacobson block, and his retirement from business. The move was made necessary on account of Mr. Humphreys' health, which necessitates his abandoning linotype work for the present at least. For a considerable time he has served papers tributary to Minot, handling their composition. Two of his linotypes were sold to The Independent. The third will probably be shipped from the city.

EARLY MORNING  
FIRE SAID TO  
BE INCENDIARY

Two Frame Buildings Provide Spectacular Blaze at Avenue A and Third Street

## STARTED BY KEROSENE?

One Building Recently Removed From Fifth Street Site

One frame building at the corner of Avenue A and Third street was destroyed and one was badly damaged by a spectacular fire between 1 and 2 o'clock this morning.

The fire was incendiary, in the opinion of firemen and E. G. Patterson, owner of the burned buildings. An empty kerosene can was found and one fireman said the odor of kerosene or gasoline was very strong and unmistakable during the fire.

A large crowd gathered to watch the flames, which burst from the frame buildings high into the air. At one time during the fire there appeared to be an explosion. A roar was followed by a puff of smoke and fire. There was a loud crash when the roof of one of the buildings collapsed.

There were two fires, which firemen said, had separate origin. The building on Avenue A, near Third street, burned first. A corner building, which had been moved by Mr. Patterson from Fifth street following the recent downtown fire, was not damaged. The building on Avenue A had been burning for several minutes fire broke out in a frame building facing Third street, next to the corner building, fireman said.

## Alarm Delayed.

It was several minutes after the flames were shooting into the sky before the alarm was sounded. A business man, who saw the flames shooting into the sky, drove from the outskirts of the city to find out where the fire was, and then drove to the fire department and sounded the alarm. The house of E. W. Wasche, 506 Third street, is next one of the buildings burned. Rooms in the house were on the south side and did not see the flames until they were called. Mrs. May, living next door, called out that there was a fire. Mr. and Mrs. Wasche were sleeping on the north side of their house, away from the flames. Guests in Mrs. May's house had come in from a party about ten minutes before the flames burst out. The fire started so quickly and gained such headway before the neighbors saw the flames that neighbors are convinced the buildings were set on fire.

## Not Occupied.

Neither of the frame buildings was occupied, but were being repaired by the owner for occupancy. There had been considerable complaint against the moving of the buildings from Fifth street to the new locations, the protest being carried to the city commission.

Mr. Patterson said today that the fire unquestionably was incendiary. Kerosene was on the ground, he said. Asked if there were any clues to the person responsible he said that he only knew that some people had complained that the buildings being moved. He said he had intended to remodel them to preventable dwellings. The house on Third street is a total ruin, he said, the roof and walls having fallen in. The building on Avenue A, he said, had a brick inner wall and can be, and probably will be, repaired. Firemen were complimented for their work in keeping the fire from spreading to the Wasche house, which was only 15 feet from one of the burning buildings. There was no wind. Had there been, great damage might have resulted.

The state fire marshal is charged with the duty of investigating suspected incendiary fires. He and his deputy are out of the city.

BANK FORMED  
AT DONNYBROOK

The Farmers and Merchants bank, of Donnybrook, has been incorporated, with capital stock of \$15,000. Incorporators are G. Patterson, Donnybrook, state representative; F. C. Thornhill, Minot; G. W. McWilliams, Milwaukee; W. J. Gerding, Minot; H. J. Bergeth, Aurelia.

The People's State bank, of Sanish, has filed notice of its change in name to the People's State bank, of Donnybrook. The bank, it is understood, has been moved to Donnybrook.

The Bottineau County bank, of Bottineau, has increased its capital stock from \$25,000 to \$50,000 and the Denbigh State bank has increased its stock from \$25,000 to \$50,000 and the Denbigh State bank has increased its stock from \$10,000 to \$15,000.

FARMERS MEET  
HERE SATURDAY

Farmers from many counties are expected to attend the wheat growers meeting to be held in Bismarck Saturday. The meeting is a compulsory pooling plan of wheat, according to J. M. Wilson, organizer. All farmers are invited to be present and hear the plan explained.

The meeting will be held in the courthouse at 2:30 P. M. Saturday.

## LAWYER'S EXAM.

The state board of bar examiners, at a meeting here, decided to hold an examination for applicants for admission to practice law in North Dakota at Grand Forks, beginning July 12. The examination will be held in the courthouse.

COMMANDER OF AMERICAN LEGION  
KILLED IN AUTOMOBILE CRASH

F. W. GALBRAITH

F. W. Galbraith, Head of ex-Service Men's Organization, Meets Death While Returning From Country Club in Indianapolis With ex-Service Men.

Indianapolis, June 9.—Frederick W. Galbraith, of Cincinnati, national commander of the American Legion, was killed almost instantly and two other officers of the Legion, Milton Foreman, of Chicago, and Henry Ryan, of Indianapolis, were injured, the former seriously, early today when the automobile in which they were riding plunged over an embankment on the northwest side of this city.

Mr. Galbraith suffered a fractured skull and died within a few minutes. Foreman, who is national committee man for the state of Illinois, and chairman of the national finance committee, suffered a fractured skull and injury to his back and shoulders. He is in a serious condition.

Ryan is chairman of the American department of the Legion. He was badly bruised and lacerated but his injuries are not serious, physicians say. The party was returning from the country club in Mr. Ryan's car.

An election probably will be held here early next week to name Mr. Galbraith's successor, national headquarters announced. The new commander will be named by the Legion national.

During the World War Mr. Galbraith served as colonel of the 14th Infantry and won the Distinguished Service Cross, the Croix de Guerre and the Croix de Guerre with Palm, in the Meuse-Arnonne offensive in which he was wounded.

RAILROAD WILL  
CONTEST STATE  
TAX ON INCOME

Great Northern Denies Right Of State to Tax on Interstate Business

The whole extent of railroad taxation may be fought through the state courts, following the serving of notice by the Great Northern Railway company upon State Tax Commissioner Wallace that it protests against making any income tax return for the business done in 1920, and that it will not submit to being taxed on any business, except local business, in North Dakota.

The company will, the tax commissioner said, contest any assessment on business done in crossing the state, or business arising without the state, which terminates within the state. The railroad contends that complications should be spared made, so that only purely local business will be taken into consideration.

The company holds the state has no authority to tax interstate business, which is solely under the jurisdiction of the federal government, and claims protection of the constitution from seizure of property without due process of law. Tax Commissioner Wallace will continue to levy a tax on the income of interstate business as well as local business, and litigation is expected to follow this action of the tax commissioner.

BODIES BURIED  
IN RIVER SAND

Arkansas River, Below Boone, Colo., June 9.—(Via Pueblo, Colo., Tuesday night, June 7.)—Ten million dollars worth of Pueblo wreckage, scores of bodies of Pueblo citizens and food known what other things lie strewn in the mire and quicksand of inundated farm lands for 35 miles south on both sides of the raging Arkansas below Pueblo, according to a staff correspondent of the Denver Times, who was the first newspaperman to penetrate the district.

WOUNDED VETS  
HARDING GUESTS

Washington, June 9.—President and Mrs. Harding entertained wounded war veterans from government hospitals at a garden party.

TWO POLICEMEN  
ARE KILLED IN  
TOLEDO BATTLE

Oklahoma Man Barricades Self in Room of House and is Finally Slain

## MACHINE GUNS ARE USED

Police Also Use High Pressure Hose to Dislodge the Man

Toledo, O., June 9.—Thomas Kelly, 48, of Oklahoma, was killed by police this morning following a battle which had lasted two hours and in which machine guns and hand grenades had been used to dislodge him from his boarding house at 311 Walnut street. Before he was killed Kelly shot and killed Patrolman Harry Dowell and Patrolman Mossbrugger, who had been called to the house to subdue him, after he had refused to pay a board bill and had flourished a revolver and threatened his landlady, Mrs. Nellie Kay, and her son, Allen.

Swept by Guns. The roof of the house was partially shot away by machine guns and hundreds of shots were exchanged between the officers and the solitary gunman before he was killed. Two machine guns were sent from central police station and high-pressure hose was used in an effort to cave in the walls of the house.

Patrolman Mossbrugger displayed amazing courage when he went to apprehend Kelly. He mounted to the roof of a three-story brick building and crossed its top under fire.

Killed as He Enters. The patrolman swung his legs through a trap door of the five-foot drop to the floor of the attic and was killed by Kelly on the instant his feet touched the floor. The body of Patrolman Dowell lay for two hours on the sidewalk in front of the house where he fell when a bullet reached him, police being unable to get the body away because of the intense fire of the barricaded man.

WANTS ACTION  
IN ANTI-TRUST  
CASES STARTED

Samuel Untermyer Write Letter to Attorney-General Daugherty on Subject

## GAVE EVIDENCE, HE SAYS

New York, June 9.—Samuel Untermyer, counsel of the legislative committee, investigating the building trust announced today at the hearing that he'd write to Attorney-General Daugherty to ascertain if his department could not spare men and money to prosecute violators of the anti-trust laws.

Mr. Untermyer declared the committee had received no cooperation although it had turned over to the department early last winter evidence against more than 20 illegal nationwide combinations of manufacturers and dealers in the building trades. He added that he was not criticizing the present federal authorities.

At the same time Mr. Untermyer requested that state insurance Superintendent Phillips make a special investigation of the Prudential Insurance company to bear on the private holdings of Forest F. Dryden, its president, and "the seeming" mutualization of the company.

GARMENT WORKERS  
HEAD IS DEAD

Fall River, Mass., June 9.—Word was received here today of the death at Brooklyn this morning of John Golden, general president of the United Textile Workers of America. Burial will be in this city.

FAMINE FUND  
DRIVE ENDED

New York, June 9.—T. W. Lamont, chairman of the American Committee for China Famine funds, telegraphed local committees to cease taking subscriptions as sufficient funds had been raised to meet pressing needs.

GOOD ROADS MEN  
MEETING HERE

The legislative committee of the North Dakota Good Roads association will meet in Bismarck tonight to discuss the preliminary draft of the good roads constitutional amendment to be submitted to the people. The committee is composed of Chairman F. W. Meeks, of Mandan, A. T. Kraebel, of Clifford, and F. W. Turner, of Dickinson.

SLAPS MAKING  
OF REVOLVERS

Chicago, June 9.—One thousand dollars reward was offered in advertisements by J. R. Thompson, business man, for an explanation of the reason the manufacture of revolvers is permitted.

### BOAT STRIKES AN ICE BERG

British Freighter Slowly Mak-  
ing Her Way to Port

Halifax, Nova Scotia, June 8.—The British freighter Seapool struck an ice berg off the Newfoundland coast and slowly is making for St. John's with her forefoot broken and forehead full of water. Advice received by the Canadian naval staff here said that the steamer was not in need of immediate assistance.

### HORSE OWNERS MAY COMPETE IN BIG FARGO SHOW

The best horses in the northwest are wanted for the power farming demonstration to be held at Fargo, N. D., June 24, 25 and 30. Substantial prizes will be offered for the best work

### TOO MANY FOR HER

Mothering her 21 pigs—a record family—has overwhelmed this now. She has had to find foster mothers to help her at dinner time. The sow is owned by Miller brothers of the famous 101 Ranch near Arkansas City, Kan.

done by the horse-drawn implements in plowing and seed-bed preparations. First prize will be \$400; second prize, \$300; third prize, \$200; fourth prize, \$100; fifth prize, \$50.

Every community in the state has a few prize teams and men that know how to handle them to get best re-

sults. It is hoped that these will enter the contest and live up to their reputations, the show secretary says. The early entries will be chosen as only ten will be accepted.

Entry blanks, copies of rules, etc., may be secured by addressing Mr. E. Whaley, demonstration manager,

Chicago headquarters, 753 Monadnock building, or Suite 30, Kelly building, Springfield, Ohio.

Horse owners also may list their entry with W. P. Chestnut, secretary, Chamber of Commerce, Fargo, N. D.

### LONG NON-STOP PLANE FLIGHT BEING PLANNED

(New York, June 8.—A non-stop airplane flight from Los Angeles to New York will be attempted late this month or early in July by David R. Davis and Eric Springer, both of Los Angeles, the Manufacturers' Aircraft Association has announced.

Two world's records will be broken if the aviators succeed. Their course will exceed the 1,940 miles covered by Alcock and Brown in flying across the Atlantic in 1919, and attempt to take 24 hours to cross the continent, where as the present world's record for duration is 21 hours and 19 minutes, held by the Fawcett Goliath.

Davis and Springer expect to use a giant plane specially designed for the test. It is a tractor biplane, equipped with a 400-horsepower Liberty motor, has a wing spread of 65 feet, is 36 feet long and stands 14 feet from the

ground. It will carry 600 gallons of gasoline and 60 gallons of lubricating oil.

### WHEAT HARVEST NEAR IN KAN.

Pratt, Kan., June 8.—Wheat harvesting will begin in some sections of Pratt county the latter part of this week and will be in full swing by the middle of next week.

UNEMPLOYMENT INCREASES  
Washington, June 8.—Unemployment increased approximately one-half of one percent during the month

of May, according to a statement made public by the department of labor, based on reports from 1,423 firms employing 501 or more persons in 65 principal industrial centers of the country. The same firms, the statement said, employed 4,573,538 workers in May against 1,580,799 in April.

### CHINA LIMITS HER ARMAMENTS

London, June 8.—China is the first nation to notify the league of nations her expenditures for armament will be limited.

### AD MAN HEADS SHIPPING BOARD

Washington, June 8.—Formal announcement of the appointment of A. D. Lasker, a Chicago advertising man, as chairman of the shipping board was made today at the White House.

LEGION MEMBERS

## GREAT CROWD SEES PAGEANT OF H. S. PUPILS

Beautiful Fairy Story Told For Pleasure of 2,000 People Last Night

The high school pageant given at the capitol grounds last evening was a beautiful presentation of a fairy tale, "The Forest Princess," in song and dance. A crowd estimated at 2,000 people lined the slopes around the natural stage of the pageant, west of the state house.

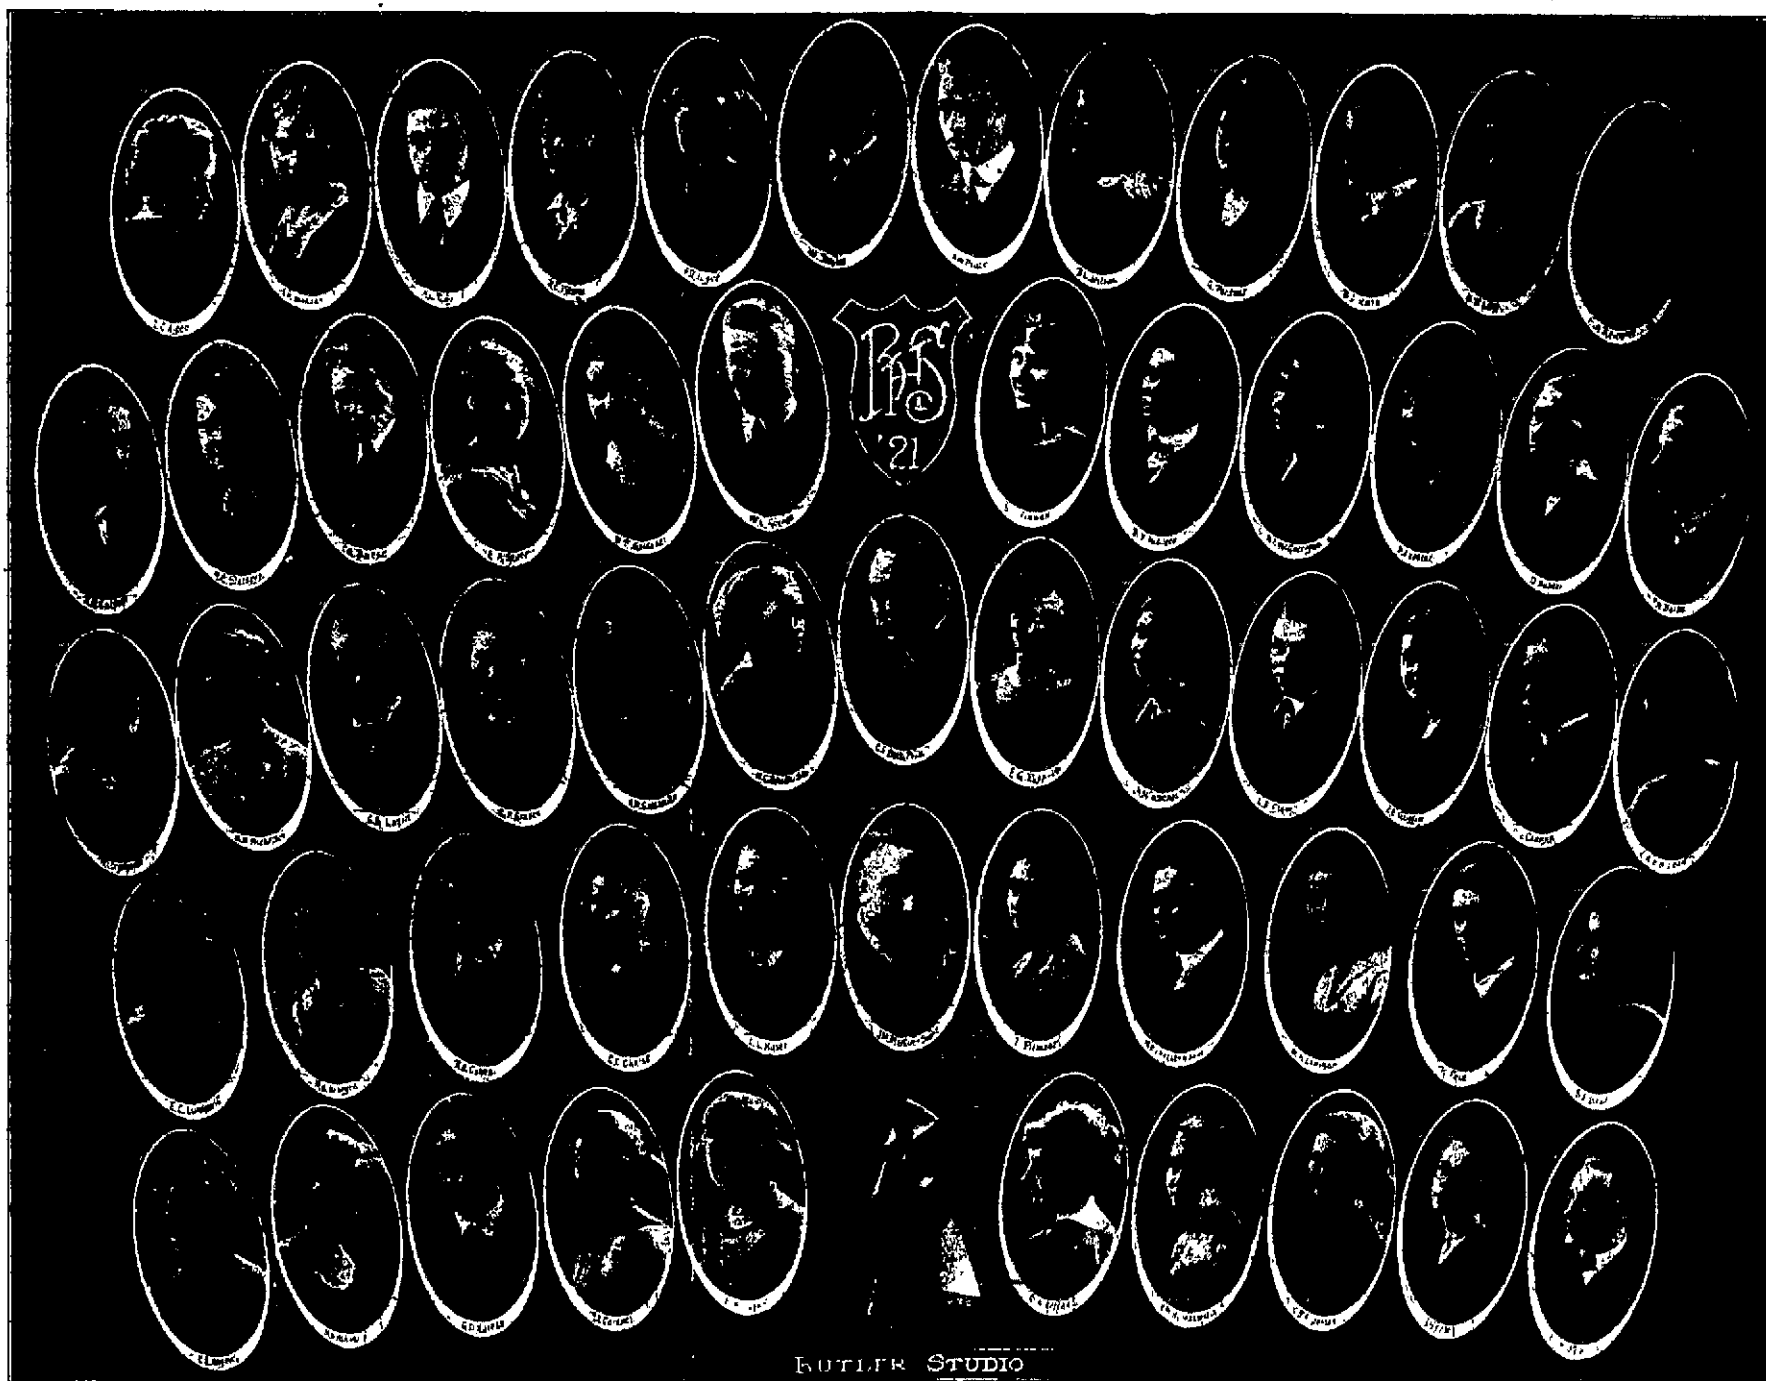

"The Forest Princess" carried the audience back to the days when knighthood was in flower. The first act of the pageant depicted the christening of the princess. They came in procession, the Tree Spirits and others. The second act unfolded on a scene 15 years later when the Princess had grown to womanhood and was wooed by many suitors. Among the suitors were Prince Ulrich, rich and haughty, and a rugged traveler, a prince in disguise. The suit is determined when the haughty prince demands the Princess when she comes to the palace of an old woman, while the poor prince pines for her and helps her.

The pageant contained many beautiful musical acts. The pageant dance opened the pageant, with the following dancing: "Unle Frazier, Helen Gross, Susan Greyerbiel, Zeila Harris, Dorothy Landers, Mabel Larson, Hazel Leubart, Irene Loftus, Esther Mandigo, Margaret McFarvey, Emily Miller and Thel Pollard.

The first solo dance was by Helen Miller, whose upright and graceful interpretation won the commendation of the most critical. The "grass-hopper dance" by Marjorie Bolton, Father Jacobson, Rachel Jewry, Sylvia Smith and Alice Strutz, and the "butterfly dance" by Louise Benoit, Betty Dain, Margaret Fogarty, Esther Katz, Mabel Nathan and Marjorie Smith followed in the first act.

A court dance opened the second act, in which Philip Bolse, Robert George, Marvin Thorpe, on, Irene Algeo, Grace Graves and Normal De Vol took part, a vocal solo by Miss De Vol following. A couple dance by Mrs. Jones and Justine Paulson concluded the dancing numbers in the second act. Ruth Rawlings' solo dance was well received, and was fol-

## FIFTY-SEVEN GRADUATES OF BISMARCK HIGH SCHOOL

Fifty-seven graduates will receive diplomas tonight at the Auditorium when the 40th annual commencement will take place.

The program to be given this evening consists of some musical numbers, the address by Judge A. M. Christensen and the presentation of diplomas. This brings the scholastic activities to an end for the Seniors.

The motto of the class, "Play the Game," appears to have been well lived up to for there are 57 Seniors graduating. This is the largest class that has ever graduated from the Bismarck High school, and one of the largest of any high school in the state. The annual alumni banquet will be held Friday night.

The last full day of school in the city is today, but tomorrow all students will go back to receive their final reports.

The last full day of school in the city is today, but tomorrow all students will go back to receive their final reports.

HOME FROM LAKE Mr. and Mrs. Philip Meyer returned last night from a short vacation trip to Shoreham.

SUNSHINE CLUB MEETS Mrs. Berones of Sixth street entertained the members of the Sunshine club at her home yesterday.

MOTHER'S CLUB PICNIC The Mothers' club held their annual picnic dinner this evening at Mrs. Harry Woodman's. The husbands and children of the members were invited to the picnic at 6.

ENTERTAINS FOR MISS MOORE Miss Kathryn Goddard of Second street entertained a group of high school girls at her home this afternoon in honor of Miss Helen Moore, who is visiting here from Duluth.

ON TRIP TO LA MOURE J. W. Riley of the State Superintendent of Schools office left today for La Moure where he will conduct a school officers' meeting at La Moure county.

ENTERTAINS AT DINNER Miss Margaret Smith entertained twelve of her friends at a pretty appointed dinner at 6 o'clock last evening. The table was set with yellow roses. Mrs. Helen Moore of Duluth was the honor guest.

MEETING OF MACCABLES The regular social meeting of the Lady MacCables will be held at the home of Mrs. A. M. Christensen, 705 6th street, Friday evening, June 10. All members are urged to be present.

PROM VILLEN Mrs. E. E. Baldwin invited to her home at 411 Third street last night a group of school girls. At 10 o'clock Miss Baldwin met with an accident on stepping from the train which she arrived at Bismarck, causing a sprain to the ankle.

SHAWER TEA Mrs. C. B. Whitney of Sioux Falls entertained at a silver tea from 3 to 6 yesterday. The table was decorated with sprays of spruce, snowballs, and pink tulle. The ladies presiding at the table set the different hosts were Mr. J. Wallace, Mrs. J. Fortune, Mrs. J. Moore, Mr. C. W. Paulson, and Mr. F. H. Vesperman.

PERSONAL CARD PARTY At 7 o'clock Misses and Gaudin entertained a party held at the Bismarck and Professional Women's club rooms yesterday afternoon. Mrs. G. F. Dullum won first prize, Miss G. Rediger won second prize and Mr. Anderson won the consolation prize. Refreshments consisted of a light lunch and cake and coffee were served. The club rooms look-

ed very pretty in their decoration of splendor.

D. A. R. AWARD PRIZE This morning the Daughters of the American Revolution presented a history prize to the students who graded highest in the Lexington day essay.

The prize consisted of a history book and a two and a half dollar gold piece. The winner of the prize was Robert Nuesle. An honorable mention goes to Ernest Penwarden for the second best essay. The prize was awarded by Mrs. E. A. Thorberg, a member of the D. A. R.

SOLDIER BOY STUDIES STAMPS One of the convalescing soldier boys at Bismarck hospital has taken to his diversion the collecting of postage stamps. He finds it a diverting and most informing pastime. The young man states that he will be glad to start a few boys in the study and collection of postage stamps if they will come to see him. Inquiry at the library will be given regarding the matter if boys wish to find out about it.

KINDERGARTEN NOTICE Beginning Monday, June 13th, the Will School Kindergarten will be conducted in the William Moore building, (North Ward.) Also the morning session in both kindergartens will begin at 9:30, instead of 9:00. The Wachtel Kindergarten will have one week's vacation next week. No vacation at present in the Will School Kindergarten.

Guest From Werner. Mrs. D. A. Hallett of Werner is visiting at the home of Mrs. L. A. Morrison. Mrs. Hallett is here for the graduation of her son, Gordon.

Visiting Parents. Mr. and Mrs. Anthony Dahlhelmer of Beach are visiting at the home of Mr. and Mrs. Dahlhelmer here. They are leaving for a trip in the east soon.

Case Dismissed The case against B. B. Lebach, charged with having liquor in his possession, was dismissed in Justice Do-

# BAPTISTS WILL HOLD PICNIC

Start To Be Made From Church At 10 A. M. Tomorrow

The annual Sunday school picnic of the First Baptist church will be held at Fort Lincoln tomorrow. All members of the Sunday school, parents and members of the church and congregation are invited to join in the day's pleasure. The start will be made from the church at 10 o'clock tomorrow morning. Autos and trucks will be there to transport the Sunday school children and adults, who are expected to be loaded down with good things to eat. A day of fun and sports is planned.

# MILITIA CHIEF HEAD NOMINATED

Washington, June 8.—Brigadier General George C. Rickards, of the Pennsylvania National Guard, nominated by President Wilson for chief of the militia bureau but never confirmed, was renominated today by President Harding.

# HEADS ROTARY.

Minot, June 6.—Glenn D. Colcord is the new president of the Minot Rotary club. At a meeting of the newly elected board of directors he was chosen to succeed Dr. A. D. McCannel whose term expired. Other officers follow: W. M. Smart, first vice president; Ray O. Miller, second vice president; Aksel Bratsberg, Peter Fugels, George Kemper, Henry M. Wilson, directors; John F. McGuire, sergeant-at-arms; E. E. Stewart, secretary-treasurer.

# WILL USE SINKING FUND

Minot, N. D., June 8.—To keep construction work going on Minot's sewage disposal plant, the Minot city commission has decided to use \$30,000 in sinking funds now in the Bank of North Dakota to pay off some of the sewage disposal plant bonds bought by the state board of university and school lands, with the further purpose of having the board then advance the \$30,000 to the city for immediate use in paying contractors. Approximately \$105,000 of the \$255,000 worth of sewage disposal bonds sold to the schools land board have been paid for. Inability of the state board to pay any more on the bonds bought by it, has threatened to halt work on the plant. The contractor asks about \$35,000 immediately, and \$20,000 monthly thereafter for six months to keep the work going.

# NEW AND GOOD ROADS BUILT

Needs of Commercial Interests, of Tourists as Well as Farmer, Have Been Considered.

Wonderful progress is being made in constructing a great network of good roads throughout the country. The needs of commercial interests, of tourist, as well as the farmer, have been consulted in designing this system. It has long been a reproach that American roads were inferior to those of most European countries but this condition of affairs is now being corrected. In 1916 the government appropriated \$75,000,000 to be spent in five installments, the last of which, amounting to \$25,000,000, was to be released July 1, 1919, and this has since been increased by an additional \$200,000,000. Up to May 1 plans had been approved for building 27,070 miles of road or nine times the distance from New York to San Francisco and of this 13,540 were actually under construction.—Boys' Life.

# TEST DURABILITY OF ROADS

Government Bureau of Road Building Has Constructed Stretch of Roadway at Arlington.

In order to accurately determine the durability of the various kinds of roadway, the government bureau of road building has constructed a stretch of roadway at Arlington representing all the different methods of road building, and over this a heavy machine is drawn back and forth by cable. This is supposed to reproduce the action of vehicles passing over it and the results are carefully noted and compared. The result of the operations will be used as a guide to the expenditure of nearly \$300,000,000 which will be made under government auspices.

# Odd Job for Tractor.

One of the odd jobs on many farms where tractors are operated, is the dragging of the private roads with either a home-made or manufactured grader.

# Won't Build Tool Sheds.

"Everything comes to him who waits," but that doesn't mean that putting off the building of a shed for farm implements will build it.

# DARLING BABY BRIGHTENS HOME

Children's Laughter a Pleasing Sound

Altoona, Pa.—"I am writing to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. We had six children die almost at birth. From one hour to nineteen days is all they have lived. Before my next one was born I took a dozen bottles of your Vegetable Compound, and I can say that it is the greatest medicine on earth, for this baby is now four months old, and a healthier baby you would not want. I am sending you a picture of her. Everybody says 'That is a very healthy looking baby.' You have my consent to show these few lines to anybody."—Mrs. C. W. BENZ, 131 3rd Avenue, Altoona, Pa.

Mrs. Jansson's experience of interest to childless wives.  
Milton, Wis.—"I want to give you a word of praise for your wonderful medicine. We are fond of children, and for a considerable time after we were married I feared I would not have any. I began taking Lydia E. Pinkham's Vegetable Compound, and it strengthened me so I now have a nice, strong, healthy baby girl. I suffered very little at childbirth, and I give all the credit to your medicine, and shall always recommend it highly."—Mrs. H. H. JANSEN, Milton, Wis.

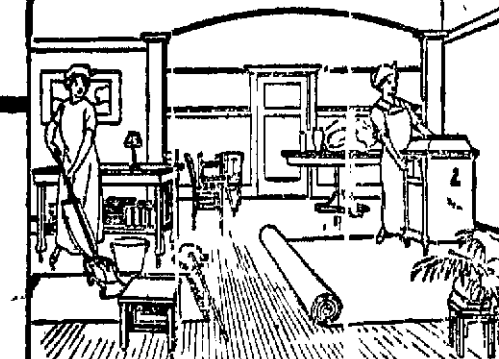

Mrs. Held of Marinette, Wis., adds her testimonial for Lydia E. Pinkham's Vegetable Compound. She says:  
Marinette, Wis.—"I was in a nervous condition and very irregular. My doctor advised an operation. My husband brought me one of your booklets and asked me to try Lydia E. Pinkham's Vegetable Compound. It overcame my weakness so that I now have a healthy baby girl after having been married nine years. I am glad to recommend your medicine, and you may use my letter as a testimonial."—Mrs. H. B. HELD, 330 Jefferson St., Marinette, Wis.

There are many, many such homes that were once childless, and are now blessed with healthy, happy children because Lydia E. Pinkham's Vegetable Compound has restored the mother to a strong and healthy condition, as it acts as a natural restorative for ailments as indicated by backache, irregularities, displacements, weakness and nervousness.

Women everywhere should remember that most of the commoner ailments of women are not the surgical ones—they are not caused by serious displacements or growths, although the symptoms may be the same, and that is why so many apparently serious ailments readily yield to Lydia E. Pinkham's Vegetable Compound, as it acts as a natural restorative. It can be taken with perfect safety and often prevents serious troubles.

Therefore if you know of any woman who is suffering and has been unable to secure relief and is regretfully looking forward to a childless old age, ask her to try Lydia E. Pinkham's Vegetable Compound, as it has brought health and happiness into so many homes once darkened by illness and despair.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

# House Cleaning Time

When you clean house this Spring it is likely your floors may need brightening up. If so try Liquid Granite. This produces a smooth lustre that not only pleases the eye, but is waterproof, wear resisting and no more trouble to keep fresh and clean than oilcloth. Because of its durability Liquid Granite is a perfect general purpose finish. You will need no other varnish for your woodwork.

If you should decide to have any white interiors Luxberry White Enamel will satisfy you completely. It makes a rich, permanent, snow white finish in either dull or gloss effects that will not crack or chip. A gentle washing with soap and water when necessary keeps the finish spotless. Color can be modified to shades of ivory and gray when desired.

For the front door use Luxberry Spar; made especially for durability under outside exposure.

## THE MONKEY PEOPLE

Real Tarzans of the Apes are discovered in Sumatra's jungles by Wilhelm Volz, German explorer.

"The people I found in Sumatra are known as Kubus," says Volz in his book. "It's hard to distinguish them from monkeys. They cling to branches and swing from tree to tree like apes. They haven't even progressed far enough to know how to fish or make a bow and arrow."

Until Volz discovered the Kubus, scientists believed that the lowest form of human life on earth was the dog-eating Igorrote of the Philippines.

Yet in an Igorrote village, you find the germ of the idea of community government. They select councilmen who sit about on stones. At the head of the link is the largest stone, occupied by the mayor. Instead of a gavel for calling the meeting to order, he keeps a pile of rocks handy for throwing.

Where will this evolutionary progress of man end? Will it ever end? Or are the Chinese right in their claim that civilization goes upward 22,000 years, then downward 22,000 years, so on forever?

It is rumored President Harding may name a Kentuckian as prohibition chief. "Oughta" also give him charge of the mint.

## REALITY BETTER THAN DELUSION

During the fiscal year which ends June 30, the federal government will have spent almost five and a half billion dollars for operating expenses. Washington officials, both in the legislative and executive departments are said to be shocked, not to say appalled, at the magnitude of the figures.

Inability to make any appreciable reduction in the government's expenses, notwithstanding the urgent need of doing so, should be a matter of as grave concern to the public as it is to their officials in Washington.

The prospects for the next fiscal year are said to be hardly less discouraging. Without taking into account any reduction in the public debt, the most conservative financial sharps are talking about a government expense of not less than four and a half billions next year. There is plenty of good authority for the prophecy that it will reach five billions.

This means that there can be little if any reduction in federal taxation next year, as it has been necessary to create a floating debt, this year, to make the books balance.

These figures are not quoted for the purpose of criticising those whose duty it is to raise and spend government money. They are probably doing the best they can; as well as any other group of men could do, considering the adverse circumstances in which the subject of post-war government expenses are involved.

But it is probably better that the people who pay the taxes, face the realities, than that they delude themselves into the belief that the period of high federal taxation is at an end.

Shoddy is wrecking the morals of this country, says a representative of the Wool Growers' Association. Also the pocketbooks.

## ABANDONED BABIES

Fifty years ago Dr. George E. Shipman was family physician to the famous detective, Allan Pinkerton.

One night in Chicago, Shipman was called on to attend a half-frozen baby found by Pinkerton detectives along the river.

On asking where the child could be taken, the doctor was told that Chicago had no institution for such cases.

Seeing the need for shelter for baby outcasts, he tried to interest his wealthy patients in the undertaking but failed completely.

"The means will be provided by Him," said Dr. Shipman.

With an endowment fund of only \$177.38 he started the Foundlings Home in an old frame house. Friends donated discarded furniture. The first crib was a basket filled with shavings. That was in 1871.

The lone foundling in the basket of shavings soon had company. Babies wrapped in newspapers or placed in old blankets or suitcases were

left at the door. All were tenderly received and cared for with love and mercy.

"I would come home from school and find foundlings all over my bed," said Frances C. Shipman, who has carried on the work since her father's death.

"We have a houseful of babies. Comparatively few are abandoned nowadays, for our institution and others in Chicago receive expectant mothers. We have had girls as young as 13. In fact, 20 is considered old. We also help the father with his motherless baby—the man who cannot afford the prices charged by private boarding houses.

"The Foundlings Home is proud of the fact that a number of its babies served with distinction in the late war. Its experience has been that the illegitimate child makes just as noble and true a man or woman as can be found."

It must be a matter of great pride to the daughter of Dr. Shipman. Among men who have done humanitarian work for communities, he was easily in the first ranks.

His worthy cause, his humble start, his firm faith that Providence would provide funds—these are not an incentive for the rest of us to do what we can to make this a better world?

Russian princesses are working as typists in Riga. But we'll bet they can't hold a candle alongside some American princess-typists.

## YOUR NEIGHBOR'S PLANT

When you want to know the real home troubles and problems of your neighbors, turn to the classified ads, most intimate form of advertising, also the oldest.

Classified ads were used 2400 years ago in Pompeii, Roman city buried by a volcanic eruption in the year 79. They didn't have newspapers in those days, so they used billboards.

Here are four of the classified ads found on ancient Pompeian billboards by Prof. David M. Robinson of Johns Hopkins University:

TO RENT, from the first day of next July, shops with floors over them; finer upper chambers and a house in the Arrius Pollio Block, owned by Gnaeus Marius.

THE SNEAK THIEVES request the election of Vatia as aedile.

MAKE Publius Furius aedile, I beg of you. He is a good man.

A COPPER POT has been taken from this shop. Whoever brings it back will receive 65 sesterces. If any one shall hand over the thief, he will receive an additional reward.

Which shows that the really human problems of life never change as the centuries slip away into eternity.

Do you remember those first autos that looked like phaetons? Can't you remember what a phaeton looked like?

Japan's imports are exceeding exports. Those seeking to isolate the war germ in the Far East need go no farther.

Many movie girls out of work. Why don't they make good their press agents' boasts about their culinary accomplishments?

The Girl Next Door can't understand why her best beau sends her roses at this time of the year when roses are so plentiful.

New Jersey baby born in a jitney receives middle name of Ford. Lucky he wasn't born in one of those silent, salient, super-sixes.

## EDITORIAL REVIEW

Comments reproduced in this column may or may not express the opinion of The Tribune. They are presented here in order that our readers may have both sides of important issues which are being discussed in the press of the day.

## THE HARM OF TAX-EXEMPT SECURITIES

The tax-exempt securities are one of the great economic evils of the day. They absorb all available capital and offer the rich man a chance to get out of paying his fair share of the taxes. It is impossible for legitimate business to compete with tax-exempt securities for surplus capital, for business would have to offer the man of big income a return of from 15 to 20 per cent on his money to compete in net returns with the 5 per cent tax-free bond. The tax-free bond throttles business, gives the tax dodger his opportunity, and sends the cost of living soaring by throwing the tax burden on to business and increasing the rates it must pay for capital.

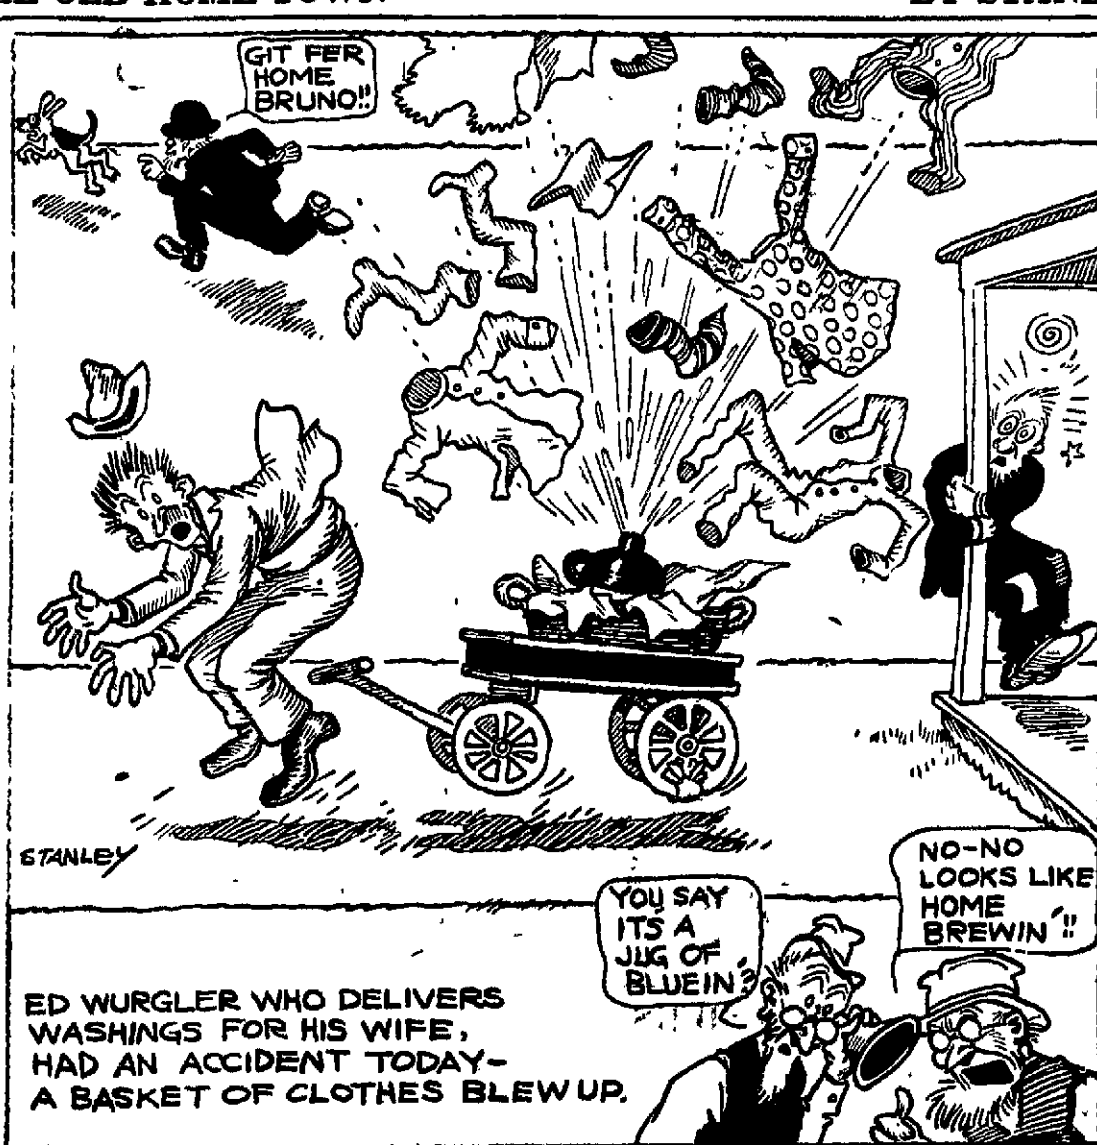

By all means we should quit issuing tax-free securities and reduce the number now in existence as rapidly as possible.—Fargo Forum.

## EVERYBODY IS SAYING IT

We have been terribly profligate in the spending of money in needless bureaus and commissions in the past four years that have caused taxes to jump enormously and the people are about taxed to death. Economy in state affairs and the abolishment of many departments that are now a bugbear and a drag on the people would not be amiss. There seems to be a big drop on all kinds of farm produce, but the farmers of the nation and of the state are not experiencing any drop in taxes, but on the other hand that burden is growing greater all the time. It is time to retrench.—Valley City Times-Record.

## THE OLD HOME TOWN

BY STANLEY

## ADVENTURES OF THE TWINS

By Olive Barton Roberts

"Please," begged Nancy, when Mr. Muskrat began to scold the fair-weatherman for letting Old Man Flood out. "If you please, it wasn't his fault at all. It was Nick's fault and mine." "Who's Nick?" asked Mr. Muskrat.

"My twin brother," explained Nancy, "and he's gone to sea in my magic umbrella. He went up to the sky to hunt up Mr. Sprinkle-Blow, the Weatherman, and by mistake we opened the wrong door."

## MANDAN NEWS

## IMPROVEMENTS AT STATE SCHOOL

Provision was made at a recent meeting of the State Board of Control for several of the most immediate necessities of the State Training School.

One of these five ton Pierce Arrow truck arrived today. It will be used principally in hauling ice and coal. During the winter months ten ton of the latter commodity are used daily and provision for hauling is a vital need.

A new barn to cost \$8,000 and a boiler house to be built at a cost of \$37,000 are among the other projects, as well as a new sewage plant, which is badly needed.

The new barn, the dimensions of which are 60x90, will have ample room upstairs for basket ball and kindred athletics, and this space will be used in lieu of a gymnasium for the coming year. The tennis courts are being put in excellent shape, and with baseball in the summer and football later on will supply plenty of outdoor activity for the students.

IRISH MAYOR TO SPEAK  
Frank Dempsey, Mayor of Mallow Ireland, is scheduled to speak in Mandan on June 17 under the auspices of the General Custer Council of the American Association for Recognition of the Irish Republic.

Mayor Dempsey, who was invited to this country to appear before the Committee of One Hundred in Washington has spoken in many cities since the completion of that investigation. He talked at the Orpheum theater in Fargo Sunday afternoon and Mandan people who heard him there report him a direct and forceful speaker, eloquent by reason of his very simplicity and the unadorned manner of his speech.

TO TRY MILLS CASE  
States Attorney L. H. Connolly left this morning for Stanton to try the Mills case.

Mills, who is charged with grand larceny, is alleged to have stolen approximately \$500 worth of merchandise from the Hingeneher Mercantile Co. at Huff on Feb. 20, 1921. The case which would properly be tried in this county was taken to Mercer county for trial. Mills having filed an affidavit of prejudice. He was tried here in January for the alleged theft of a steer from George Smith of Huff but was acquitted.

Norton and Kelsch will appear for the defendant.

TO IMPERSONATE CHIEF  
Maj. A. B. Welch left Tuesday evening for Fargo where he will portray the character of an Indian chief in the Red River Valley Historical pageant to be staged there on June 10 and 11.

Old Man Flood got out before we could shut it again."

Just then Nick came to sight. He was pretty wet, but shouted joyously when he saw them. "Hello, everybody," he cried. "Builder Beaver's dam is all right so far, but if Old Man Flood keeps up his pushing much longer, I'm afraid it will break through."

"Well, well, well!" said Sprinkle-Blow in a relieved voice, mopping his brow with a red hanky. "Things are turning out much better than I expected. I flew out to sea in my magic umbrella to hunt Marty Mink on his piece of ice, but he wasn't there. The ice that he was having his party on had only gone as far as the river and stuck behind a rock. I helped them all ashore so they're safe. Now then Jack Frost it's time for you to get busy. You make things pretty cool, but you're a sight safer than that rascal, Old Man Flood. And you're the only one who can undo his work. Now go around and hunt up all the little streams and blow your breath on them. Instantly the ice-stoppers will fly back into place and the water will stop, and Old Man Flood will see that his good time is over and sneak back up to the sky where he belongs. We shall take good care that he doesn't get out again this year."

fine Smith, who had planned on leaving last week for Portland, going from there to Seattle and thence by boat to San Francisco have been obliged to change their plans on account of the marine strike. It being impossible to secure accommodations for water travel. They have postponed the date of their departure until next week.

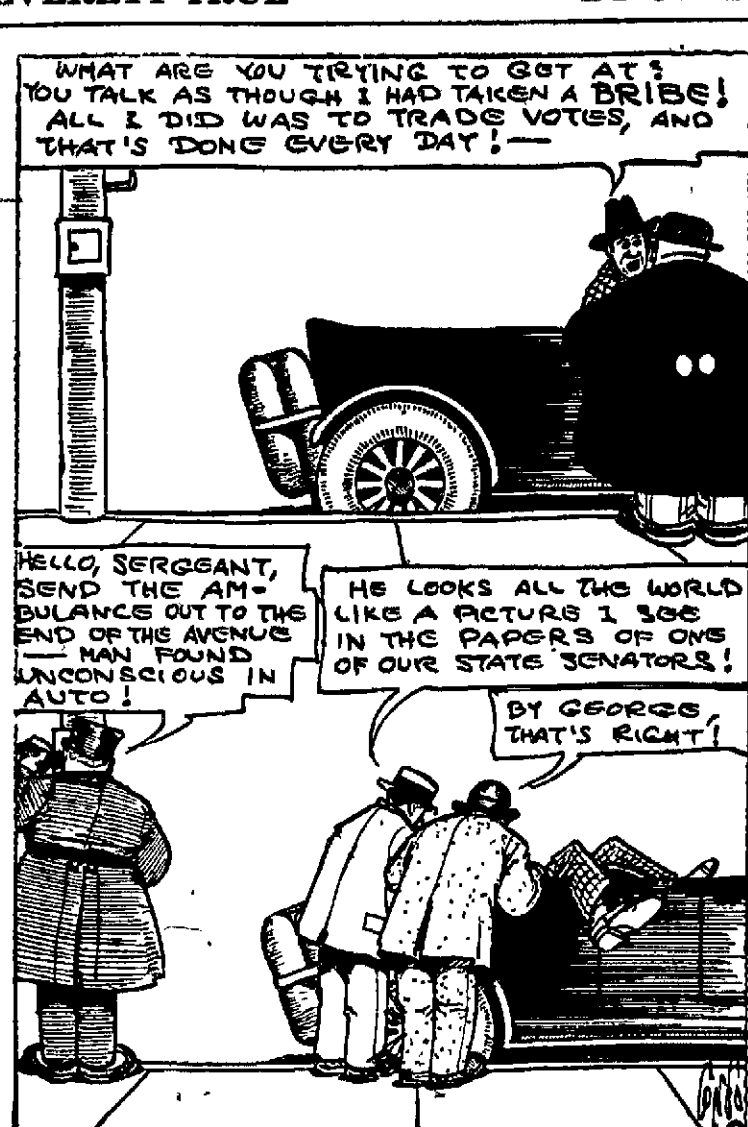

MOTT COUPLE MARRIED  
Miss Maurine M. Batty and Edward C. Merry, both of Mott, were married by the Rev. Hugh Owen on the afternoon of Wednesday June 8. There were no attendants and the wedding ceremony was performed at the Presbyterian manse.

Mr. Merry is a young business man at Mott and Mrs. Merry was formerly a teacher in that city.

FINED \$50  
Joe Marmal of Mandan, who was arraigned yesterday in justice court on a charge of assault and battery was found guilty and fined \$50. Through his lawyers, Hanley and Sul-

## EVERETT TRUE

BY CONDO

Livan, Marmal took an appeal to district court.

Mrs. Marmal was the complaining witness and Attorney L. H. Connolly prosecuted.

## VISITING FRIENDS

J. E. Knutson of Long Lake is in Mandan visiting with friends. He is en route from Spokane, where he has been the guest of his son.

Mr. Knutson has sold his home at Long Lake and will move to Calgary. He is well known to Mandan and Bismarck hunters, who have lodged with him during the duck season for many years.

## From Mott

E. J. Milan of Mott was in Mandan the forepart of this week on business.

## On Business Matters

Peter a Friend of Harmon is in town for the week end attending to business matters.

## Move to New Home

The John Ryvig family moved on Wednesday to their new home on Eighth Ave. N. W.

## Business Visitor

S. P. Halpern was a business visitor in Mandan on Tuesday and Wednesday. Mr. Halpern lives in Hebron.

## Off Duty

Miss Lee, one of the floor supervisors in the Mandan hospital, who has been off duty for a few days enjoying a little vacation, has returned.

## Operated Upon

Miss Rita Seitz, daughter of City Auditor Seitz, was operated on for appendicitis at the Deaconess hospital Wednesday afternoon. She is doing very well.

## Return to Mandan

Mr. and Mrs. W. J. Mackin and children, who have been making their home in Dickinson, have returned to Mandan and are occupying their house on Second Ave.

## Critically Ill

Mrs. John Korte of Sofia, who is a patient at the Mandan Deaconess hospital is critically ill. Mrs. Korte is suffering from diabetes, and her condition is considered grave.

## "Student" New Name

Four new students arrived this week at the State Training school. Under the new regime of self government at the school the word "inmate" is taboo, that of "student" taking its place.

## Discharged From Institution

Mrs. C. W. Peterson of Flasher, who has been a patient in the local hospital for some weeks, has recovered sufficiently to leave for her home and was discharged from that institution on Wednesday.

## Making Inspection

O. J. Manderud of Valley City is in Mandan this week. Mr. Manderud, who is superintendent of the Russell-Miller Milling Co. mills, is making his routine tour of inspection, and incidentally greeting friends in this city, where he was located for some time.

## Taking Course

Miss Aletia Ray, who is taking a post graduate course in anaesthetics at St. Mary's in Minneapolis, writes that she will have finished by Sept. 5, at which time she will return to Mandan to take charge of the operating room at the Deaconess hospital.

## Has Operation

E. A. Holritz of Carson is in Mandan a guest at the Lewis and Clark. Mrs. Holritz, who was brought into the city Thursday from Carson, very ill, submitted to an emergency operation Thursday evening at the Deaconess hospital and so far is doing very well.

## With the Movies

## AT THE BISMARCK

"Humoresque" is Coming  
Fannie Hurst's greatest story, "Humoresque," has been adapted to the screen and will be shown at the Bismarck theater during the latter part of the week. It is a tale of youthful genius and mother-love, with the scene laid chiefly in New York's Ghetto and Fifth Avenue. Miss Hurst is well-known, is right at home in portraying with a realistic touch the characters of New York's humble inhabitants, and "Humoresque" is said to contain intense heart-appeal. Humor and pathos are deftly mingled in the picture.

## FAIRBANKS AT THE ELTINGE

"The Mark of Zoro"  
Douglas Fairbanks is called upon to play a dual role in "The Mark of Zoro" showing at the Eltinge today, tomorrow and Saturday. As Don Diego Vega, the young man, he leads a secluded life, exhibiting a fondness for the companionship of books and is quiet and amiable of disposition on all occasions. As a student of an excitable nature was distasteful to him and never was he found mingling with the populace in their various festivities. But when he became awakened to the oppression and persecution, without justification, of the natives by those in power, he felt that the time had come to act. Disguised as Senor Zoro, we see him executing various exploits, practically unaided in the attempt to free his people from a despot's yoke. He becomes transformed into veritable dynamo of boundless energy. What a mass of new feats he performs! There is a girl in the story that really furnishes the strong love interest. With Noah Beery, Robert McKim and Marguerite DeLamotte in the cast, "The Mark of Zoro" is actually the best of the recent Fairbanks pictures. It is a really entertaining production. Doug's work in the picture gives one the impression that he is honestly trying to entertain and not push himself into the limelight.

## AN ADVERTISEMENT HELPED HER

Mrs. Lucille Mackey 16 Buena Vista St., Washington, Pa., writes: "Last winter my 3-year-old girl caught a bad cold which left her with a dry cough. It bothered her most at night and she would cough until she vomited. I think she must have had whooping cough. I saw an advertisement for Poley's Honey and Tar tried it and bought two bottles and her cough left her before she finished the second bottle. She had gotten awfully thin, but now she is as fat as ever."

Marguerite Snow Victor Patel and Seena Owen are in the cast of "Lovers and Old Lace."

## KEEP THE FARMER ON FARM, IS HOWARD'S PLEA

By Newspaper Enterprise.

Washington, June 9.—There will never be an appreciable back-to-the-farm movement in America. History shows the drift of folks from country to city never sets back, once it gets into full motion. And it has set in for the United States.

These are the words of J. R. Howard, president of the American Farm Bureau Federation, who is assumed to reflect the general view of 1,500,000 active members of his organization. "To retard migration from farm to city," he said, "the farmer will have to be much more vigorously encouraged by constructive and protective enactment." He holds the following view of the situation:

"Farm protection to the farmer proportionate to that given the factory. Transportation machinery commensurate to the needs of this troublesome reconstruction period, with intus-

materially lowered and based upon fair valuation. "Improvement of country roads as a national policy, rather than a system of highly perfected national highways, since the transportation cost begins in the haul from farm to rail station or local market.

"Waterway development, especially the Great Lakes-St. Lawrence route to the Atlantic, which experts declare would reduce transport cost of a bushel of wheat 10 cents in getting it from the production center to the world's terminals.

"Taxation which will prevent further shift of burdens to the ultimate consumer, and which will be progressively proportioned upon ability to pay.

"Finance and credit machinery which will carry the farmer over the consumptive period as well as the period of production, so that crops can be marketed in an orderly and even manner."

Subsequently talk of a general railroad strike July 1 gave some impetus to the upturn in the market. The close was unsettled, 14 to 3 cents net higher.

**MINNEAPOLIS FLOUR**  
Minneapolis, June 9. Flour unchanged. Shipments 49,820 barrels. Bran 116.

**CHICAGO LIVESTOCK**  
Chicago, June 9.—Cattle receipts 8,000. Bulk beef steers \$7.50 to \$8.50. Hog receipts 57,000. Active, 10 to 20 cents lower.  
Sheep receipts 14,000. Steady to 50 cents lower.

**ST. PAUL LIVESTOCK**  
St. Paul, June 9.—Cattle receipts 1,800. Better grades killing cattle strong to slightly higher. All others about steady. Common to good beef steers, \$6 to \$8.50. Bulk \$6.75 to \$7.75. Best heavy steers \$7.50 to \$7.65. Butcher cows and heifers mostly \$4 to \$6.25. Veal calves, steady, \$8 to \$9. Stockers and feeders slow, steady.  
Hog receipts, 3,000. Ten to 25 cents lower. Range \$7 to \$8. Bulk \$7.40 to \$7.75. Hogs weak to 25 cents lower. Better grades, mostly \$8.50 to \$8.75. Ship to receipts, 2,000. Bulk \$11.1 through, steady to 25 cents lower. Choice bandyweight ewes, \$1.

These various locations form a beautiful scenic background for a picture which is excited a story of a woman's love and adventure. It is an adaptation of a French novel and concerns a woman who is sold into slavery and made a victim of a man's love.

## KEEP SILVER IN BEST CONDITION

If Cleaned Regularly Little Time or Effort to Keep It Bright and Lustrous.

### SULPHIDE CAUSES TARNISH

Glittering Surface May Be Obtained by Use of Friction Cleaners, by Electrolysis or by Boiling in Strong Solution.

(Prepared by the United States Department of Agriculture.)

"All the table service was of silver and gold," Winfred was reading aloud from the society columns in a count of a dinner, and as she read the last item her voice was full of awe. "Think of it, Nan: plates and everything, solid silver."

"I am thinking of it," said Nan, the practical one; "and I'm thinking also that I'm glad I haven't on my hands the cleaning of all those solid silver plates and everything." The fact silver that was given Jack and the fact we were married is more than a plenty for me when cleaning day comes around. I like housework, but I do detest cleaning silver."

Many women feel as Nan did; but if silver is cleaned regularly, little time or effort is required to keep it bright and lustrous. The office of home economics of the United States Department of Agriculture gives the following directions on the care of silver:

### Causes of Tarnish.

The tarnish on silver is silver sulphide, and is due to the sulphur compounds in the air where coal and gas are burned, and also in many foods. In wool, in rubber, and in some bleached and dyed materials.

This is the reason silversmiths rarely, if ever, use white cotton flannel for their cases of silver. Dryness prevents tarnish somewhat; a camphor, which absorbs moisture, is sometimes put into the silver drawer. Silver may be cleaned by the use of certain powders, pastes, and cloths, which clean by friction, by boiling it in a strong alkaline solution, or by a process known as electrolysis.

The materials which clean by friction are whiting, jeweler's rouge, and commercial pastes or powders. The noncommercial powders are mixed to a paste with water, ammonia, or alcohol, rubbed on the silver, allowed

Good Luster on Silver Is Put on by Friction Cleaners Although Boiling in an Alkaline Solution or Cleaning by Electrolysis Is Easier.

to dry, and then polished off with a soft cloth, emery, or a brush. The result is bright, lustrous silver. Prepared cloths, sold in various trade names, also clean by friction. They are usually cotton flannel treated with a cleaning mixture, and are convenient but sometimes relatively expensive.

The alkaline solution for cleaning silver is made by dissolving four teaspoons borax, three teaspoons washing soda, or two teaspoons lye (caustic soda) in one quart water. The silver is placed in an old kettle or pan, covered with this solution boiled for 10 minutes, and cooled in the water.

### The Electrolytic Method.

One method of removing the tarnish from silver by electrolysis is the following:

Fill an enameled or agateware kettle partly full of water in which has been dissolved one teaspoon of either washing soda or baking soda and one teaspoon salt to each quart of water. Heat this solution to the boiling point, put in strips of aluminum or bright zinc, add the tarnished silver, and boil it. The silver must be covered completely by the water and each piece must be in contact with the aluminum or the zinc, either directly or through other silver. When the tarnish has disappeared the silver should be removed from the kettle, washed, and dried with a clean, soft cloth. An aluminum kettle may be used, but it soon corrodes and must be cleaned, as only a clean bright kettle serves the purpose. The zinc also grows dull and then is less active. It may be cleaned, however, in water containing a little hydrochloric (muriatic) acid, which is very poisonous and must be handled with extreme care.

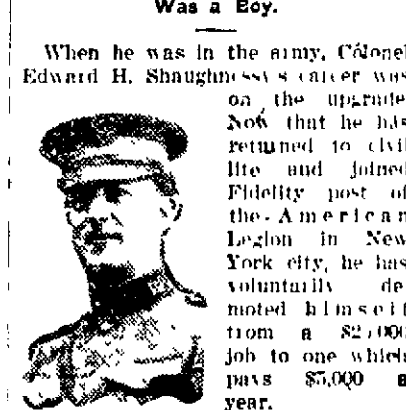

Silver cleaned either in an alkaline solution or by electrolysis lacks luster which cleaning by friction gives. It may be made bright, however, by rubbing it with a soft cloth of cloths.

**REFURNS FROM OUR FIELDS.**

which tell of the rapidly with which new wells are coming in. Eight wells are brought in inside of 18 hours last week.

## RAPID RISE FOR LEGION MAN

Colonel Shaughnessy's Career Has Been on the Upgrade Since He Was a Boy.

When he was in the army, Colonel Edward H. Shaughnessy's career was on the upgrade. Now that he has returned to civil life and joined the Legion post of the American Legion in New York city, he has voluntarily demoted himself from a \$2,000 job to one which pays \$5,000 a year.

Colonel Shaughnessy was induced by Postmaster General Will Hays to sacrifice his position as assistant director of the American Petroleum Institute, New York city, to become second assistant postmaster general.

"I understand you've taken a \$5,000 a year job," said a correspondent who interviewed him. "Does it pay that?" he asked. "I'd forgotten to ask about the salary."

The salary is a minor consideration now, but it would have been different in the days when Colonel Shaughnessy worked as a messenger boy in Chicago. When he was 15 years old he became ticket agent and a year later telegraph operator for the Chicago & Northwestern railroad. Successively he was chief operator, assistant train dispatcher, assistant trainmaster and trainmaster. When the superintendent of the road was ill he took charge.

Colonel Shaughnessy joined the Thirtieth engineers as first lieutenant when the war broke out. He studied French until he spoke it fluently and worked up a book of rules adapting American methods to French practice. He was promoted first. Praise came to him from Gen. George Van Horn Moseley, assistant chief of staff, for his work as superintendent of the transportation corps in the Chantilly-Thierry region, and as general superintendent at Is-sur-Tille during the St. Mihiel and Meuse-Argonne offensives, and as general manager in the zone of advance.

General Pershing gave him the Distinguished Service medal "for exceptionally meritorious and distinguished services."

## MADE LEGION DRIVE SUCCESS

Dare Devil Louisiana Man Put Real Thrills Into Campaign for New Members.

When Anthony Kelley was discharged from the navy in New Orleans, La., he found the life of a land-lubber terribly devoid of thrill and poise. He had been going to sea since the age of fifteen and he missed the excitement of stormy nights in the dizzy heights of the crow's nest and hair-raising trips on the ropes far above the deck.

With the start of a membership campaign of Rollin post of the American Legion in New Orleans, Kelley blossomed out as a professional dare-devil to assist his fellow Legionnaires in attracting attention. He climbed a flag pole atop the city hall, several hundred feet above the pavement and rocked back and forth trying to break the pole. A net stretched below was all that was between the daring Legionnaire and some exceedingly hard terrain.

Kelley was unable to break the flag pole, however. So he scaled an eight-story building and hung from the coping by his toes. Film companies rushed camera men to take motion pictures of the feat and the Legion membership drive was a success.

"None of it was as thrilling as the four years and four months I was in the war zone," Kelley declares. He

Kelley Atop City Hall Flag Pole.

was plying between American and European ports when war was declared. He entered the navy as an ensign and was discharged in April, 1919. He continued in service as an officer of the Merchant Marine until December, 1920.

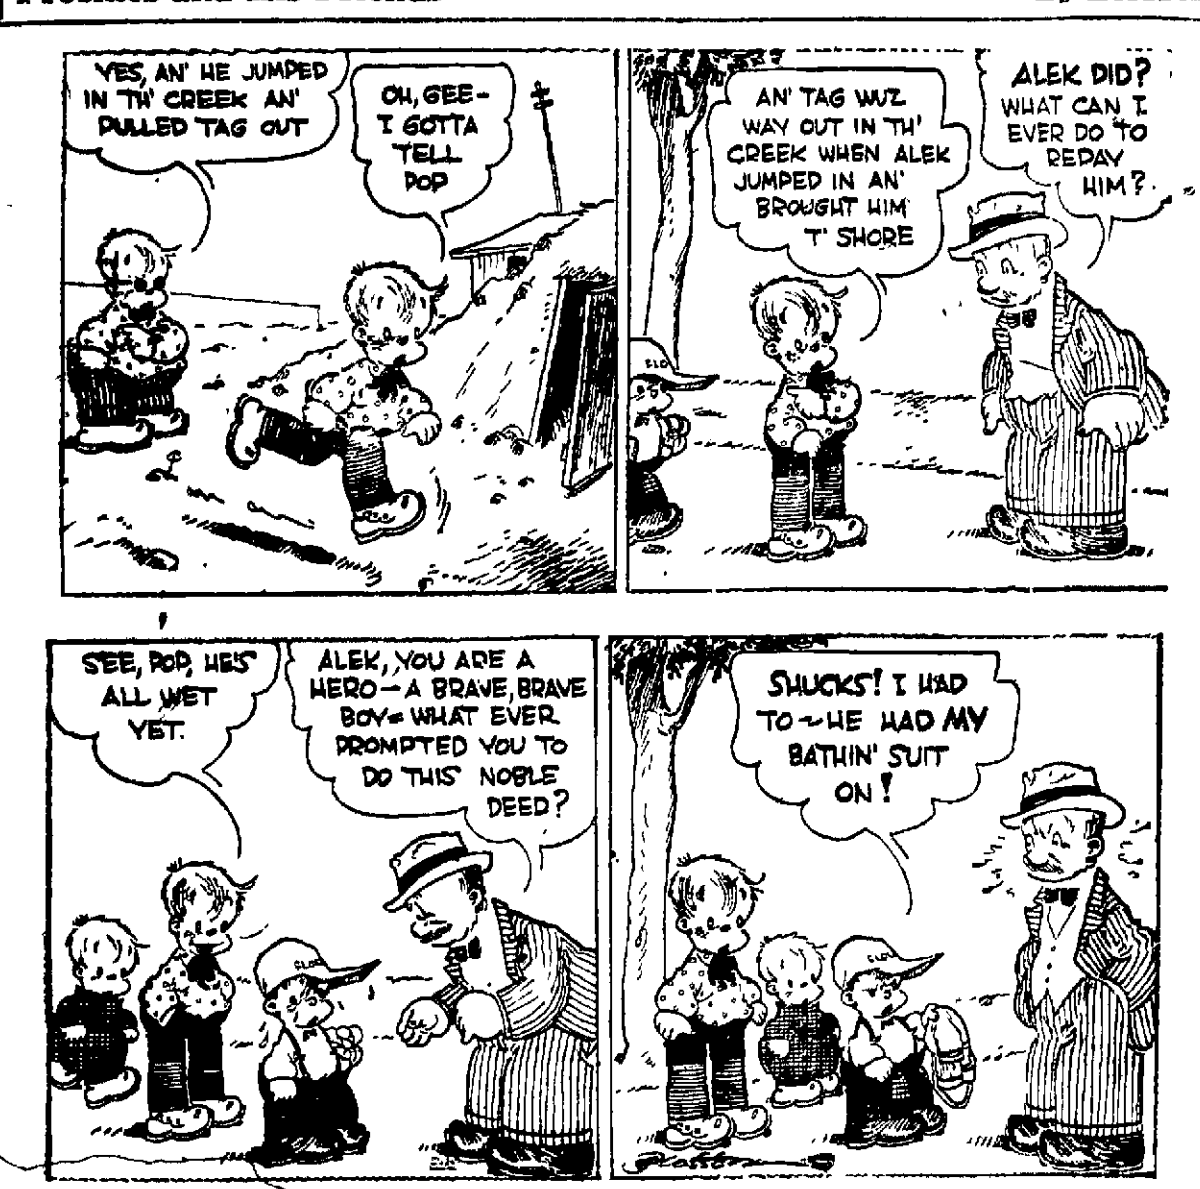

### Do Not Have to Pay Poll Tax.

Backed by the American Legion a law providing for the registration of all ex-servicemen of all wars in the state of Montana was passed by the legislature. The new act exempts all ex-servicemen from payment of the poll tax and requires each county assessor to keep a record of the names and organizations of all veterans within his county. It is expected that other states will take similar action soon.
